PROFESSIONAL SUMMARY

Energetic Computer Science student at Marian Engineering College with expertise in Python, React, Node.js, Express.js, and MongoDB. I've sharpened my programming skills through hands-on experience in web development. Eager to tackle fresh challenges, learn continually, and create innovative solutions. Committed to delivering top-notch software. Seeking opportunities to make a difference in the industry.

EXPERIENCE

UST, Trivandrum — Internship

MAY 2023 - JUNE 2023

Gained valuable insights into the inner workings of NOC, SOC, and ITIL practices. This exposure helped me understand the importance of operational efficiency, security, and IT service management in large-scale organizations.

ICT Academy of Kerala, Trivandrum — Internship

MAY 2023 - JUNE 2023

Contributed in building an efficient and user-friendly Blood Bank Management System. This experience enhanced my expertise in creating intuitive user interfaces and implementing responsive designs.

EDUCATION

Marian Engineering College, Trivandrum — B.Tech in Computer Science

NOV 2021 - PRESENT

Arya Central School, Trivandrum — Class 12th (AISSCE)

JUNE 2019 - JUNE 2021

GPA : 8.6

PROJECTS

Blood Bank Management System — Frontend Development

Developed an intusive user-friendly website using React material UI and css.
